

WELCOME TO THE FLEECE & THANK YOU ORDER FORM PACKET!

We are so excited to share our mission with you. As the official blanket supplier of multiple children’s hospitals in the area, we are committed to consistently delivering thousands of fleece blankets to our warriors in the hospital, ensuring every child in every hospital bed receives much-needed hope and comfort at the start of treatment. These blankets are needed every single day, and your support is invaluable to providing comfort to our warriors.

Here are some tools to get your group started!

Our Story

Imagine a hospital room. Dull, white sheets on the bed. Beeps and boops of the monitors on the IV pole. Cold, chilling temperature.

It's a **scary environment** to think about, and yet, every minute in America, 11 children are admitted into the hospital and face this very experience.

Stripped from their everyday routine of friends, school, sports, and activities, they are **scared of the unknown future** that will come with an illness that puts them into the hospital.

Right now, we face a reality that needs our **urgent attention**: many kids go into the hospital and are met with the scary room we just imagined. They begin their treatments in a fearful and defeated atmosphere.

They are in need of **comfort**. They are in need of **warmth**. They are in need of **hope**. **What if we could help?**

Your Support

A **blanket**.

A colorful, warm **piece of hope** brightening the room as it waits on the hospital bed for a warrior (the name we call our blanket recipients) to walk in for the start of treatment.

The key to a child conquering the scary hospital environment is to provide them with something **bright and comforting** to combat the darkness. There is an inspiring power behind starting something off on a good note.

We can provide that **motivation** to endure long treatments, the **kickstart** to a successful battle, and the **hope** that everything is going to be alright.

YOU can make a **blanket**. YOU can make a **video**. YOU can make a **difference**. **Will you join us?**

Dear Parent/Guardian,

Fleece & Thank You is excited to work with _____ to provide hope and comfort to children battling illnesses by creating a fleece blanket and personalized video message. Our blanket-making event will take place on _____ and will be at _____.

Our Goal

Our goal is a simple one: every child in every hospital bed receiving much-needed hope in the form of a colorful, fleece blanket at the start of treatment. We work with local groups to help them make blankets and video messages, and then we take care of delivering those to the hospital.

Our Process

Fleece & Thank You provides ready-to-make blanket packages. This allows us to continue operating with the funds needed to provide children with blankets and comfort all year round. For every \$24, we give a child at the hospital a comforting experience of warmth as well as a personal connection from someone outside the hospital walls who cares about their fight. With your \$24, Fleece & Thank You provides:

1. Fleece for a 2-yard blanket (ex: \$240 would allow us to bring 10 blankets!)
2. A patch that we stitch on to the blanket that will carry the video message code for a lifetime
3. Guaranteed delivery of your blanket to a warrior in the hospital.

Please send checks/cash for any amount you can contribute to this project with your child by

_____.

Your Impact

One blanket provides comfort and hope for a child that has recently been diagnosed with a serious or life-threatening illness. Together, we will provide a consistent and sustainable service of fleece blankets to all hospitals in MI, ensuring that no matter where or when a child gets sick, WE are there to provide them with a blanket when their treatment journey begins.

With unending gratitude,

The Fleece & Thank You Team

Fleece & Thank You Blanket Kit

Quantity: _____

Check Amount (quantity x \$24): _____

(Checks made out to _____)

If appropriate, online donations can be submitted at fleeceandthankyou.org

The support of \$24 for every blanket kit provides more than just the fleece to be made; it provides the entire experience from the blanket maker's hands to the child's hospital room. Included in this \$24 is the 4 yards of fleece material (2yd print and 2yd solid), ribbon, our special video patch already pressed onto the blanket, ability to make a video message of support for the warrior at the hospital, and delivery of that blanket to the next hospital that needs its comfort. We operate all year round and aim to deliver 30,000 blankets every year, one blanket for every child that gets sick in the state.

More information about our blanket kits can be found at fleeceandthankyou.org/make-a-blanket/
